

3M

CUBITRON™ II

Film Disc 775L

Advancing your best work.

- > **Cuts Faster***
Increased throughput with faster sanding and more parts per disc
- > **Lasts Longer***
Lower costs with long disc life and fewer disc changes
- > **Consistent Finish**
Minimal rework due to consistent finish quality

* Compared to conventional abrasives.

CUBITRON™ II

Film Discs 775L

775L

The Cubitron™ II Sanding Disc is a revolutionary advancement in abrasive technology featuring triangular shaped ceramic mineral. As the triangular shaped grain wears, it continually fractures to form sharp points that slice through the substrate, wear evenly and provide extra-long life and consistency.

3M Precision-Shaped Grain

Conventional Grain
