3M™ Scotch® Tape 3030 Premium Auto Refinish Masking Tape

New masking tape

Sticks and stays

3M has developed a new green-coloured, smooth creped masking tape to suit a wide variety of bodyshop applications. Offering 100°C temperature performance and superior water resistance, 3M™ Scotch® Tape 3030 sticks and stays when applied, with no lifting or edge curl, yet offers clean and easy removal.

- Performs well with water based paint systems
- Sticks easily and resists lifting
- No need to re-mask after wet sanding
- Clean removal and resists slivering

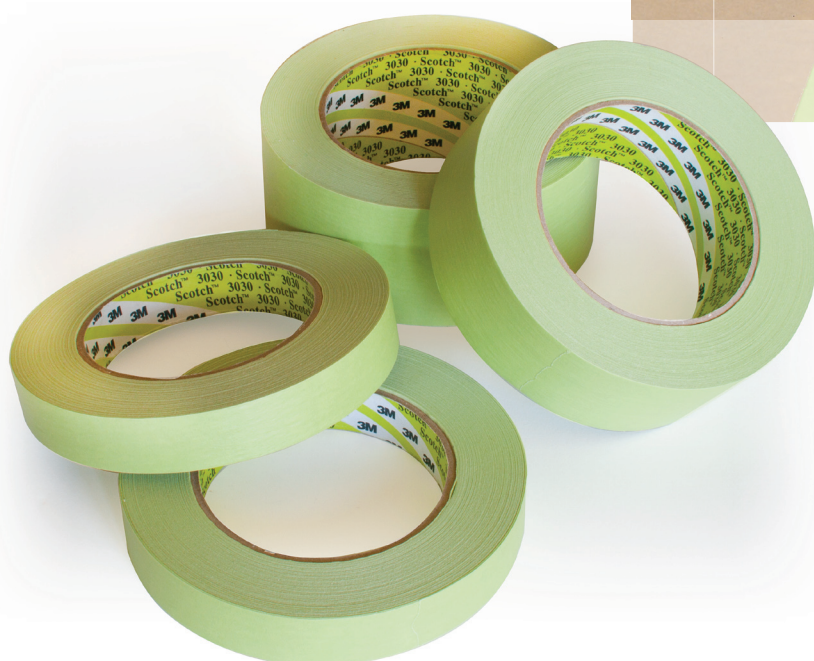

3M

3M™ Scotch® Tape 3030 Premium Automotive Refinish Masking Tape

Using a specially formulated cross-linked rubber/resin adhesive, Scotch® Tape 3030 from 3M has been developed to provide a good balance of properties for general bodyshop application. Flexible and consistent in use, the new green tape leaves a sharp, clean paint line with less build-up. Water compatible, there's no adhesive transfer even when exposed to moisture or UV.

Scotch® Tape 3030 from 3M is suited to a wide range of bodyshop applications including use with water-based paints.

- Excellent solvent and water resistance
- Good conformability with easy hand tear and controlled unwind
- Surface smoothness promotes good clean paint line and prevents paint bleed-through
- Improved paint flaking and wetting performance
- Good instant adhesion and superior holding power
- Excellent adhesive transfer and removability performance
